Philadelphia, Wilmington & Baltimore, and Baltimore and Ohio, uniting with the Central Ohio and other Western Railroads.

The following unequaled time is now made by this much improved route from Philadelphia:—

To Columbus,	25½ hours.	To Indianapolis,	33 hours.
To Cincinnati,	30 "	To St. Louis,	49 "
To Louisville,	36 "	To Cairo,	50 "

SPEED, SAFETY, COMFORT, CAREFUL ATTENTION TO PASSENGERS, and ATTRACTIVE SCENERY, are among the *conspicuous advantages* of this route.

Baggage checked through to WHEELING, COLUMBUS and CINCINNATI.

Passengers holding THROUGH TICKETS, are allowed to lie over at prominent points without additional charge.

TIME by this Line, from Philadelphia to Cincinnati, is *fully as short* as by any other route.

The cost of Through Tickets by this Line, will be the same as by the great Railroad routes of New York and Pennsylvania, to the West.

The most desirable connections are formed at Cincinnati and Louisville, with the First and Second Class Steamers, for the Mississippi, and all other South-western Rivers; and at Xenia, through Dayton, Indianapolis and Vincennes, by the New Route over the Ohio and Mississippi Railroad to St. Louis.

For further particulars, apply to the TICKET AGENTS of the PHILADELPHIA, WILMINGTON & BALTIMORE RAILROAD, No. 14 Library Street, and Corner of Broad and Prime Streets.

## Freight to the West.

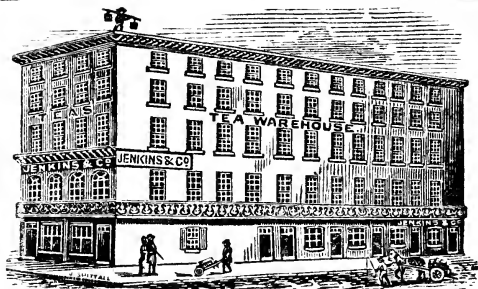

These roads and connections offer a very desirable route for the shipment of all freight between PHILADELPHIA and THE ENTIRE WEST AND SOUTH-WEST,

through receipts to Wheeling, Cincinnati, &c., at the lowest possible rates, and guaranteeing the Transportation in the *shortest possible time*. will be given by M. POTTER, *Through Freight Agent*, N. E. corner Fourth and Chestnut Streets, or SOUTHWARK DEPOT, (Delaware front.) Philadelphia.

At Wheeling, the amplest facilities are afforded for the Re-shipment of all Freight, to all points further West, either by the Ohio River, or the Central Ohio Railroad, and at rates as low, or lower, than from Pittsburg.

# PREFACE.

After some unavoidable delay, which I much regret, I now present the PHILADELPHIA MERCHANTS' DIARY AND GUIDE, to my Patrons, and in a form so neat and compact, that I feel persuaded it will give general satisfaction. The delay was occasioned, in the first place, in procuring paper of the proper quality; secondly, in the collection of the miscellaneous matter; and, thirdly and lastly, the difficulty of procuring, in this city, the desired number of subscribers. Advertisements from New York and Boston were rejected, because I had stated in my Prospectus that the Work would be purely Philadelphian, and devoted exclusively to the advancement of the interests of Philadelphia. My Patrons will see that I have given all that I promised, with the exception of the circulation of the Philadelphia Newspapers and Magazines, which was omitted in consequence of the utter impossibility of obtaining correct information, and the boundaries of the Wards, which it was found would occupy too much space. I have, however, added other valuable information, the procuring of which cost me considerable time and expense. The location and nights of meeting of the different Lodges of the Freemasons, the Odd Fellows, and the Sons of Temperance, will be found an attractive, as well as convenient feature of the GUIDE.

In the volume for 1857, which I pledge myself will be out in good season, I propose to make still further improvements; having learned by this experiment, that several advantageous changes may be made; and I am resolved, if I am successful in obtaining the desired patronage of the Merchants, Manufacturers, and Mechanics of Philadelphia, to produce a work surpassing in elegance and usefulness anything of the kind ever before published in this country. I have found since issuing my Prospectus, (stating that the circulation would be 20,000 copies,) that some gentlemen doubted the veracity of the statement, in consequence, no doubt, of several of my predecessors having been strongly suspected (and probably not without reason) of "drawing the long bow." But I can establish the fact beyond a doubt, as I can exhibit the signature of every subscriber, showing the number of copies each has received, and making in all, as can be readily shown, *twenty thousand copies gratuitously delivered*. Thus my Patrons, to whom I here take occasion to return my sincerest thanks, may easily comprehend the fact, that the PHILADELPHIA MERCHANTS' DIARY AND GUIDE, is the cheapest Advertising Medium in the United States. Being compelled to leave out several Advertisements, in consequence of the unexpected space required for miscellaneous matter, each subscriber will receive nearly one-fourth more copies of the Work than at first proposed.

In conclusion, it gives me pleasure to speak in terms of unqualified praise as to the tasteful and elegant manner in which MR. HENRY B. ASHMEAD, the Printer, has executed his portion of the Work.

GEO. A. CROFUT.

# WEEKLY NORTH AMERICAN,

*The Largest and Best Family Newspaper, published at  
\$1 per annum, in the United States.*

The great success which has attended the exertions of the Publisher of the *Weekly North American* to supply the public with a Family Newspaper, which for cheapness, reliability and sound practical information, should stand unrivalled, encourages him to make increased efforts in the present volume, to enlarge its sphere of usefulness. Writers of acknowledged merit have been engaged to adorn its literary, scientific and news departments with their choicest productions. Foreign correspondents, who enjoy rare facilities for obtaining the very latest intelligence, are stationed at London, Dublin and Paris, and their contributions will appear regularly in its columns. A lady is engaged at Paris expressly to forward the fashions. The home correspondence will be equally important, and will embrace the writings of able persons in every section of the Union. The proceedings in Congress during this highly exciting session will also be fully reported. Everything relating to the progress of this State in Agriculture, Mining, Railroads, Manufactures and Commerce will be given with especial care; while the state of the Markets for Produce, Cattle, Merchandise, Stocks and Money will receive the strictest attention. In the Farmers' Department will appear valuable and interesting articles on the latest improvements in this branch of science, by an experienced Agriculturist.

The paper is always published on the day it is dated, and contains by this means several days later news than those weekly Journals that are issued considerably in advance of their dates.

The *Weekly North American* will give Telegraphic Correspondence to the moment of going to press from every portion of the country; and Foreign News by way of Halifax three days in advance of the mails; so that subscribers will have the advantage of obtaining the earliest tidings of every change in the political and commercial world. The Publisher confidently anticipates a renewal of the generous patronage he has enjoyed; and assures his readers that he will seek to place every subject of interest before them with the greatest despatch, and to make the *Weekly North American* a family, literary and high-toned newspaper of surpassing excellence. Its astonishing cheapness will continue to commend it to all.

# Lightning Rods.

ARMITAGE'S PATENT.

The Subscriber calls the attention of the public to his

SUPERIOR

ELECTRIC-MAGNET LIGHTNING RODS.

It is now fully admitted on all hands, that every building to be secure from the destructive influences of Lightning, should be provided with a good conductor.

The large number of worthless Rods that are put up makes it necessary for purchasers to examine the merits of the different rods offered for sale.

I earnestly invite a rigid examination of the principles on which my Rods are constructed.

I have put up nearly **6,000 Rods**, and have never heard of the loss of one dollar's worth of property by Lightning, in any building, to which one of my Rods has been attached. I therefore feel great confidence in recommending them, not only as the best, but as the only safe rod in use.

 The following gentlemen having examined these rods and given them their unqualified approbation, have kindly given me their permission to refer to them:—

WALTER R. JOHNSON, *Commissioner of Patents.*

## THE PENNSYLVANIAN, DOUBLE SHEET.

The Proprietor of the Philadelphia PENNSYLVANIAN, in view of the Presidential Election, has made ample arrangements for the improvement of that Journal in all its various departments, political, literary and commercial. He is determined to spare no expense or labor in supplying to his readers such a paper as will be an acceptable visitor at the fireside, and a responsible and authentic guide during the trying struggles which await our common country. The PENNSYLVANIAN has always been foremost in opposing the machinations of the Abolitionists, and in exposing their designs against the peace and perpetuity of the American Union. Animated by no mercenary motives, it could have secured both patronage and praise, had it catered to the vile and factious influence of that direful political element. It has preferred doing its duty to the Constitution, and has let consequences take care of themselves.

### TERMS.

**DAILY PENNSYLVANIAN.** Double Sheet. \$6 per annum, if paid in advance, or \$7 at the end of the year.

**TRI-WEEKLY PENNSYLVANIAN,** Double Sheet, \$3 per annum if paid in advance, or \$3 50 at the end of the year.

**WEEKLY PENNSYLVANIAN,** \$1 per annum if paid in advance.

The price of the WEEKLY PENNSYLVANIAN, for a single year, is ONE DOLLAR per annum, but for the purpose of further increasing the circulation, we offer the following inducements to Agents and others to form Clubs:

One copy, one year,	-	-	-	-	-	\$1 00
Six copies	-	-	-	-	-	5 00
Twelve,	-	-	-	-	-	10 00
Eighteen,	-	-	-	-	-	15 00
Twenty-five,	-	-	-	-	-	20 00

LARGER CLUBS IN PROPORTION.—CASH ALWAYS IN ADVANCE.

Although the rate at which the *Weekly Pennsylvanian* is offered falls far below the real value of such a publication, we are willing for another year to test the experiment of continuing to issue it at this reduced price, in the confident hope that, by an extensive circulation, we may be secured from the heavy pecuniary sacrifice which such an experiment involves.

Postmasters will confer a favor by sending to one address when convenient.

As a medium of advertising, the TIMES is unsurpassed in Philadelphia. One other paper has undoubtedly a larger circulation, but it may be questioned, whether the value of a paper for the purposes of its advertisers always increases in proportion to the increase of its circulation. Entering as it does into almost every business house in Philadelphia, the proprietors of the TIMES can point with pride to the substantial character of its readers.

The same enterprise that has characterized the TIMES heretofore, and which has led to its present high position, will mark its future numbers, the proprietors pledging themselves to leave nothing undone to merit a continuance of their present liberal support.

# MONTHLY RAINBOW, GREATLY ENLARGED & IMPROVED.

---

Having purchased of Messrs. CAMPBELL & Co., the Subscription List of the RAINBOW, and of Messrs. LAY & BROTHER, that of the INK FOUNTAIN, the undersigned, on the 15th of March, commenced a new series of the former publication, in a greatly enlarged and much improved form, at the reduced price of only **Fifty Cents a year**, and with such additional Scientific and Literary attractions, as to render it a still more inviting candidate for popular favor.

The MONTHLY RAINBOW is elegantly printed on a double Imperial Sheet of fine white paper. The first page is under the editorial control of

**Dr. L. L. CHAPMAN,**

In which that gentleman gives his Pre-calculations for Elementary Changes, &c., &c.; the remaining columns being devoted to Popular Literature, Inventions and Discoveries, the Useful Arts, Printing Interests, Wit and Humor, Passing Events, &c.

Previous to the union, the RAINBOW had reached the circulation of *seven thousand copies*; and the INK FOUNTAIN, *five thousand five hundred*. Thus it may be seen that the combined circulation makes this paper a most desirable ADVERTISING MEDIUM. A limited space will be reserved for advertisements of a respectable character. None other will be inserted at any price.

**TERMS OF SUBSCRIPTION.**—Fifty cents a year for single copies. Twelve copies to one address, \$5. Twenty-six copies, \$10. Fifty copies, \$18.

 **RATES OF ADVERTISING.**—Ten cents a line for the first insertion, and eight cents a line for each subsequent one.

*Specimen copies sent free upon application to*

# **HERRING'S** **PATENT** **CHAMPION FIRE PROOF SAFES,**

WITH

## **Hall's Patent Powder Proof Locks,**

Which were awarded separate MEDALS at the World's Fair,  
London, 1851, and also at the World's Fair,  
New York, 1853 and 1854.

The subscribers are the sole Manufacturers and Proprietors in this State of the above unequalled Safes and Locks. The reputation of the genuine "Herring's Safe" is world wide, and for the last fourteen years the mercantile community have witnessed and borne testimony to their NEVER FAILING fire proof qualities. More than 14,000 of these Safes have been actually sold, and over TWO HUNDRED have passed triumphantly through accidental fires. The public are assured that all Safes manu-

factured by the subscribers are not only guaranteed to be fully equal, but in many respects even superior to those which have been so severely tried by fire. Few will forget their services in the burning of the Tribune Establishment, New York, and at the Great Fire in Strawberry street, and at the large fire last July, opposite the Girard House; and still more recently, in the Fire at Fifth and Chestnut streets in this city, in which these Safes came forth the acknowledged CHAMPION, when many other securities failed.
